SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan, Alberta, the Yukon Territory, the Northwest Territories and British Columbia, may be leased for a term of twenty years at an annual rental of \$1 an acre. No more than 500 acres will be leased to one applicant.

Application for a lease may be made by the Agent or Sub-Agent of the district in which the land is situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be marked out.

Each application must be accompanied by a fee of \$5, which will be refunded if the right applied for is not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

Every lessee of coal mining rights who is not a lessee operating shall be required to employ an Agent of Dominion Lands with a sworn statement to that effect at least once in each year.

The lease will include the coal rights, water rights, but the lessee may be permitted to purchase water rights available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. Carr,
Deputy Minister of the Interior.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS

An even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 3 and 26, not reserved, may be homesteaded by any person who is a citizen of a family or any male over 16 years of age, by the following conditions:

(1) The homesteader is required to perform the duties contained therein under one of the following plans:

(a) If the father (or the mother, if the father is deceased) of the homesteader resides upon a farm, the homesteader shall be required to reside upon the land for a period of 30 days in each year of the three years.

(b) If the father (or the mother, if the father is deceased) of the homesteader resides upon a farm, the homesteader shall be required to reside upon the land for a period of 30 days in each year of the three years.

(c) If the father (or the mother, if the father is deceased) of the homesteader resides upon a farm, the homesteader shall be required to reside upon the land for a period of 30 days in each year of the three years.

(d) If the father (or the mother, if the father is deceased) of the homesteader resides upon a farm, the homesteader shall be required to reside upon the land for a period of 30 days in each year of the three years.

(e) If the father (or the mother, if the father is deceased) of the homesteader resides upon a farm, the homesteader shall be required to reside upon the land for a period of 30 days in each year of the three years.

COAL STRIKE IS SETTLED

AGREEMENT IS FINALLY REACHED AND WORK WILL RESUME.

ONLY RESULT IS LOSS

No Victory For Either Side But Both Lose Heavily—Agreement is Virtually Mailed Document—Open Shop and Unionization Clause Stand.

The prolonged strike of the coal operatives in the employ of the mines under the jurisdiction of the Western Coal Operators' association is at least at an end. An agreement was reached during the week which was acceptable to the operators and which was submitted to the various local unions affected and ratified almost by a unanimous vote. It is expected that Monday will see all the mines in operation again at farthest and it is possible that some if not all may be working before the week is out. It was first proposed to resume tomorrow but in some camps the old superstition that it is unlucky to start anything on Friday seemed to have a strong hold and for that reason it is likely some mines may start today while others will not resume till Monday.

The final result is virtually a draw with no victory for either side but a big net loss for both. For while there is in a sense a victory for the operators in that the closed shop, is lost to the men, still both sides are almost identically where they would have been had the Macleod agreement been signed and therefore there may be said to be but little of gain for either side. But the strike has been a big loss to both. For the three months they have been idle, the men have lost approximately three quarters of a million dollars in wages while the operators have not only lost their profits but have been under a large expense in keeping their properties in condition, with no return.

The agreement reached is not in any important particular different from the Macleod agreement arrived at in March and which was ratified by the various locals by referendum vote. The most important variations from the Macleod document are that whereas the Macleod agreement had no preamble which was left to be negotiated later, the new agreement has a preamble declaring specifically for the open shop, and the provision relative to the discrimination clause. In the Macleod agreement the discrimination, or more properly, the non-discrimination clause, was made a part of the agreement while in that finally adopted the clause does not appear but it is left as in the old agreement expiring the last of March; that is, it is an unwritten agreement whereby both sides bind themselves to the minister of labor to abide by the provisions of the clause which the minister publishes in the Labor Gazette as none the less a binding agreement though unwritten between the parties interested. The clause provides that the operators shall not discriminate against union men and the men shall not discriminate or interfere with non-union men. The check off clause is not materially different from former ones but it provides that a blank form shall be supplied which shall be uniform at all the mines and union men will sign these to authorize companies to deduct union fees and the order is so worded that it does not require to be renewed each month.

In no other essential particular is the new agreement different from the Macleod document. The differences claimed by Hillcrest, Bellevue, Lillie and Coleman are provided for identically as in the Macleod document, that is, definite terms of settlement are named in the agreement for all except Hillcrest where pillar prices are to be left to arbitration by the permanent joint arbitration committee provided for in the agreement. There is no other change of any moment as regards wages, prices or conditions.

The agreement emanated from the Leitch Collieries at Pasburg, is also working practically full time. General Manager Hamilton of that company had the strike broken as far as his mine was concerned and the camp had been abandoned by the union. Union men are now drifting back and a full quota of men will be working in a few days.

The settlement is hailed with joy by every person in any way connected with coal mining. That the rest of western Canada will be equally as well pleased as those directly affected is not necessary to be stated. Following the closed shop movement in the new agreement will be the means of modifying the agreements with the Canadian-American and Crowe West Pass companies which conceded it as it was stipulated in the event of failure to get the same concession from the operators association, those companies would be entitled to the same conditions.

GREAT PUBLICITY SCHEME

A plan has been hit upon whereby it has been made possible for every district in Alberta to receive the very best kind of advertising throughout the world, as a result of the Alberta provincial exhibition in Calgary, between July 5th and 10th.

Arrangements have been made to have films taken for moving pictures of the great historical pageant to be held on the morning of July 5th the opening day of the fair. Those moving pictures will be exhibited first at Seattle during the Alaska-Pacific-Yukon exposition, and afterwards used in connection with a lecturing tour through all the principal countries of the world. Every section of Alberta represented in the monster parade, will by means of these moving pictures, introduce itself to millions of people on the five principal continents. The opportunity is offered and it now rests with the people of the province to decide whether or not they appreciate the enormous advantages which are bound to result if they identify themselves with the publicity movement. There is sufficient time remaining before the exhibition opens, for every district in Alberta to arrange to be represented in the historical pageant, which will be a portrayal of the development of the provinces from the days when the Indians reigned supreme, down to the present industrial epoch. Any town, community or district in the west wishing suggestions as to the most appropriate way to proceed in order to receive the greatest possible measure of publicity in the pageant pictures, would do well to instruct some one opposed for the purpose, to write H. B. Wilson, secretary of the Pageant committee, Calgary.

conferences held last week between President Slockert of the operators' association and Auling President Powell of the miners' association resulted in a tentative understanding. The operators signified their willingness to accept and a district board meeting of the mine workers was held in Frank the last of the week. At this meeting it was decided to submit the proposed form of agreement to the various locals interested, for a referendum. As showing the unanimity of the men in their desire to get back to work, the vote at Coleman was unanimous, at Lillie it was 166 to 2, at Bellevue 122 to 6 and at Hillcrest 49 to 11. The vote has not been reported from Homer, Lethbridge, Camrose and Bankhead as yet but it is presumed it was equally as decisive.

The agreement is for two years from April 1st, 1909. It will be signed up as soon as all the locals are officially reported. There is no likelihood of anything cropping out this time to interfere with the final conclusion of the agreement. The Maple Leaf company which was not in the operators' association but which has also been on strike, has likewise effected a settlement with its men. An agreement was reached the last of the week which was satisfactory to both Manager Dempsey and his men and work was resumed Monday. The mine is now working full blast.

The Leitch Collieries at Pasburg, is also working practically full time. General Manager Hamilton of that company had the strike broken as far as his mine was concerned and the camp had been abandoned by the union. Union men are now drifting back and a full quota of men will be working in a few days.

The settlement is hailed with joy by every person in any way connected with coal mining. That the rest of western Canada will be equally as well pleased as those directly affected is not necessary to be stated.

Following the closed shop movement in the new agreement will be the means of modifying the agreements with the Canadian-American and Crowe West Pass companies which conceded it as it was stipulated in the event of failure to get the same concession from the operators association, those companies would be entitled to the same conditions.

WAGON ROAD THRU PASS

B. C. GOVERNMENT TO BUILD FROM WEST TO CROW'S NEST.

A SURVEY TO BE MADE

Will Soon Have Both Road and Telephone Communication—Furnish Water Dwellers on Suggestion of Frank Paper of Automobile Route Through District.

Long ago The Frank Paper advanced the suggestion of a government built road through the whole of the Crow's Nest Pass with the ultimate object of an automobile route through the most picturesque portion of the west. The following news dispatch under Fernie date indicates that a realization of that idea may not be so far off as these people seemed to think who laughed at the idea. The dispatch reads:

Fernie, June 27.—"A. Cummings, D. L. S. has instructions from the provincial government to begin at once the survey and location of the proposed provincial wagon road through the Crow's Nest Pass to the boundary between British Columbia and Alberta.

"Some four or five miles of the route extending from Morrissey towards Fernie, has already been located.

"This work, long contemplated, has been hastened by the building of the pole lines of the Kootenay Telephone Co.

"This company is now pushing its lines to make connection with the Alberta system at the boundary line and the provincial authorities are endeavoring to aid the enterprise as much as possible by establishing the road line in order that the telephone people can follow it with their poles.

"The material is consequently distributed all along the route for the building of a fine class road from Cranbrook, through Fernie to the summit, where it will connect with the excellent roads of our sister province to the east.

"Why should not the people of these two provinces be able to exchange calls by automobile, and to be able to drive their fine horses over a road which, if properly constructed, will make one of the finest drives on the American continent.

"The people of Fernie feel sure that the Lethbridge people will lend a hand to assist in urging the importance of this great highway upon the powers that be."

MICHEL WINS AGAIN

The only football game of the week in the league series was that between Coleman and Michel at Coleman Saturday when Michel increased her lead in the race for the championship by defeating the home team 2-1.

The game was very closely contested and Coleman seemed to have the best of the play as the ball was mostly around Michel's goal but the home team did not seem able to force it through except for the single score in the last half.

Wm. Fraser, a Coleman player had the misfortune to have a leg broken during the game.

Great interest centers in the game between Frank and Michel as played in Frank Saturday and it is looked upon as perhaps the most important of the season since, if Frank wins the local team has a chance for the championship while if Michel wins she will virtually have a cinch. Fernie and Coleman are scheduled to play the same day but owing to the intense interest in the Frank-Michel match it is likely that game will be postponed to enable the Coleman enthusiasts to come to Frank.

Following is the standing of the teams to date:

Team	W	L	Draw	Points
Michel	5	0	4	10
Fernie	3	0	4	6
Coal Creek	3	0	2	6
Frank	2	1	2	4
Bellevue	2	1	1	4
Coleman	2	4	0	4
Homer	0	4	0	0

THURSDAY, JULY 1 1909.

MR. OLIVER'S MISSION.

It is rather interesting to find the president of the Immigration League in Australia protesting against the Canadian policy of seeking to secure only the best class of settlers from the mother country, chiefly agriculturists and those with capital. This gentleman discusses the matter in the newspapers and condemns Hon. Frank Oliver for visiting Britain with such an object in view.

"Why should daughter states," he says, "seek to skim off the cream of the English rural population and reject all others? They are far from doing a service to the mother country by acting this way."

Canadians will fail to see the foolishness of this point of view. Nor is it likely that it has been adopted except from a feeling on the part of Australia's agents that Canada has been getting ahead of them in securing desirable immigration.

The people of this country, British born settlers as well as natives, will, we imagine, cordially approve of the mission of Mr. Oliver to Great Britain to arrange for the discriminating selection of settlers. We want all the good English, Scotch and Irish immigration which we can obtain, but it should be a class of men that is good. We surely cannot wish to see our country at this stage of its development made an asylum for those whom the mother country would willingly be rid of but who, whether here or in the old land, will be a burden on the population and a drag on progress.

Nor is it only for themselves that such settlers are undesirable. The children of a class like that are, not always of course, but usually as unmanageable as their parents. They inherit their defects of character, their weakness and thriftlessness; and their environment and training encourage and develop all those imperfections. In settling this country with a good class of British immigrants and in as far as possible preventing its settlement by an undesirable class the Canadian government will be doing the mother land, as well as the Dominion, a service. As a stalwart, self-reliant people we shall be of infinitely more value to the Empire than as a nation in any respect physically and mentally deficient.—Vancouver Province.

KEEPING THE PEACE.

Montreal Herald.—When other nations are talking Dreadnoughts, armaments and land defences, it need not be regarded as any interference with the trend of that discussion if one takes a glance at what the "sunny smile" has accomplished during the past fiscal year between Canada and the United States—two nations separated only by a boundary line, which for three thousand miles has no other protection against hostilities than the fixed and settled determination of both peoples to preserve in peace the different paths which they have been treading for more than one hundred years.

About three years ago Mr. Elihu Root, the secretary of state at Washington, visited Ottawa, and in conversation with a few friends said that if he and Sir Wilfrid Laurier had their way they would settle every outstanding question of dispute between the two countries, so that all sources of irritation would be speedily and finally removed. On the record of the past year Sir Wilfrid Laurier and Mr. Root ought to be proud of what they have accomplished. Five treaties between Great Britain and the United States were negotiated, signed and ratified; a sixth awaits ratification and a seventh is almost completed.

The village council having purchased certain tools for road work, the people of Frank will hope the aforesaid tools may be put to good purpose this summer. If possession of the implements in question prompts the using of them we may hope that in time a more severely appearing main street may grace the village and that other streets that are now well nigh impassable may be put in condition to be traversed; likewise that the Frank portion of the Blairmore road may be made a good road, meanwhile not forgetting that the hill on the Little road could be vastly improved by the expenditure of ten or fifteen dollars in packing off the rocks. And then—but it is a fairly big program mapped out already and perhaps biting off any more would be most too much to expect. But certainly these things should be done and as there will be something like \$1000 of poll taxes available for the purpose there is no reason why this should not be done. Let us hope that the council which has not overworked itself thus far this season will get busy with the new tools and use them to advantage.

PUBLIC NOTICE

The Supreme Court of Alberta.

Frank News in Brief

Alex Goyette, dealer in furniture and wall paper.

School closed yesterday for the summer vacation and the kids are happy.

Announcement is made that the Grand Trunk Pacific will have its track laid into Edmonton the seventh of this month.

IMPORTANT NOTICE—Write the Leduc Produce Co. for prices on creamery and dairy butter, also fresh eggs. Prop. Lakeside Creamery, Leduc, Alta.

For Sale—I am offering for sale a fine section of farming land, viz: Section 20, Township 9, Range 2, west 5 meridian, situated at Livingston, Alberta adjoining the Wilson ranch. Tenders for purchase of same will be received until June 30th 1920. Address, Mrs. J. W. Curry, Box 45, North Battleford, Sask.

The Rev. T. D. Jones, newly appointed Methodist minister for Frank and district, arrived during the week and preached his first sermon Sunday evening. Mr. Jones is a forceful and eloquent speaker and as he bristles with energy there is prospect that church affairs in Frank will be rehabilitated during his regime.

J. H. Naler of the Harvey Murphy store, Clifford Steeves and V. W. McGuire of Lethbridge met with a mishap while driving Friday last, which did not miss much being serious. A drunk lying beside the road frightened their horse which jumped so suddenly to the side of the road that Mr. Naler and Mr. McGuire were thrown out but Mr. Steeves managed to stay in the rig and grasping the lines, succeeded in stopping the horse. Both Mr. Naler and Mr. McGuire were considerably bruised up.

Complaints are being made by residents of both Blairmore and Frank of the practice of one Grafton turning horses into the burying ground at Blairmore to tramp up the graves. It is stated the police were appealed to and the offender was warned but he responded by straightway turning in a horse with hobble to make worse havoc than before. It seems that cemetery scandal will never down. It is said no one in Blairmore will make formal complaint because they think the transfer of the land has never been made. The matter is being investigated and if it is found the transfer has not been made the party or parties responsible are going to get—well to put it plainly they will catch hell.

A. V. Lang and family left Monday for the Seattle exposition.

Mrs. James Callan of Bellevue and maid left Monday to visit the Alaska Yukon Pacific exposition at Seattle.

J. Larson, Lethbridge; F. C. Lester, Lille; Wm. Graham and John Johnston, Coleman; W. H. Dauph, Bankhead; Wm. Whitehouse, Michel and A. J. Carter, Fernie, were in Frank the last of the week in attendance at the district board meeting of the United Mine Workers.

FOR SALE—Man or woman. My South African Veteran bounty land certificate issued by the department of the Interior, Ottawa; good for 320 acres of any Dominion land open for entry in Alberta, Saskatchewan or Manitoba. Any person over the age of 18 years, man or woman, can acquire this land with this certificate. For immediate sale \$300.00. Write or wire, L. E. Telford, 181 Shuter street, Toronto, Ontario.

On the editorial page of this issue note is taken of the fact that the village council has purchased some grading tools and the hope is expressed that they would be found useful. It would seem that some suggestion of the sort was anticipated as the ink was hardly dry on that page before Councilman Whiller got busy with those new tools and street improvement is now in progress. Under Mr. Whiller's personal direction the street leading out of town toward Blairmore is being graded and it is the intention to improve Dominion avenue and, incidentally, pick those rocks off the Little road hill.

The management of the Spokane Interstate fair to be held Sept. 20th to 25th is making elaborate preparations this year for a big mining exhibit. It is especially desired that the mine owners of this district send exhibits and it is suggested that a district exhibit be made and a man sent along to have charge of it during the fair and also during the meeting of the American Mining Institute which meets there the week following and before which the mining exhibit will be displayed. An effort is to be made to have the western branch of the Canadian Mining Institute meet jointly with the American organization which would afford a splendid opportunity to exploit the resources of this district. The fair prize list includes a beautiful silver cup as a trophy for the best coal exhibit with accompanying data.

A. S. Farquharson of Fernie was in town Monday.

J. M. Carter was up from Gillingham Sunday.

Chan Chun, a member of the Wo Chung laundry firm, has purchased the two cottages and lot formerly owned by W. G. Evans at the head of Dominion avenue.

At Coleman Saturday, in addition to the league football game, there was a game of baseball between Coleman and Michel nines in which Michel won a very one sided contest by a score of 21 to 7.

The C.P.R. has this week laid new heavy steel through this district.

T. B. Martin is absent on a business trip to Winnipeg.

General Manager Muller of the coal company made a business trip to Winnipeg during the week.

For the accommodation of people wishing to attend the provincial exhibition at Calgary July 5th to 10th, the C.P.R. has decided to run special from the south on these dates will leave Macleod at 5:30 in the morning, returning leaves Calgary at 11:30 P. M.

Dr. Malcolmson returned the last of the week from a recreation trip to the north. While away Dr. Malcolmson purchased for the village, a plow and two scrapers for use on the streets.

PASTURE—Parties having horses or cattle to pasture for the summer months can do so for \$1.50 per head per month and over 6 head \$1.00 per head. I have for sale one horse, a powerful bay gelding, also tent 10 x 12, No. 8, stove and piping in good order, \$18.00. Apply to, P. Maguire, Passburg, Alta.

John Kiany, customs inspector, with headquarters at Calgary, is in Frank inspecting the affairs of the local customs house.

The Blairmore base ball team composed mostly of Frank players, goes to Michel for a game with the Michel nine today.

This is Dominion day and as there are no celebrations in The Pass the district will be pretty well depopulated as a great number of people contemplate taking in the big time at Pincher or some other near by celebration.

Frank

Alberta

Miners and Shippers of Bituminous coal.

The Company carries three grades of coal, screened, mine run and slack. The screened is unequalled for domestic or furnace use. We recommend the mine run and slack for steam purposes, and can guarantee it to be clean and give absolute satisfaction.
